## • EDUCATION

(2022-Present)

**Taruna Bhakti Vocational  
High School**

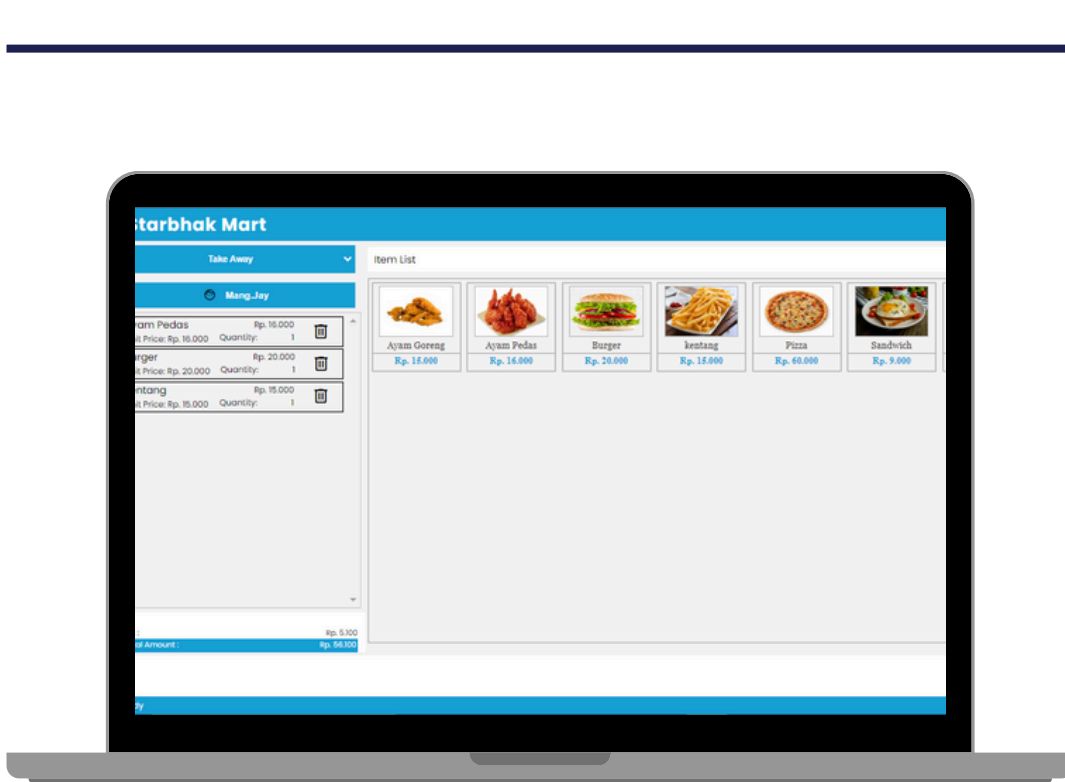

Software and Game  
Development (PPLG)

## • CERTIFICATE

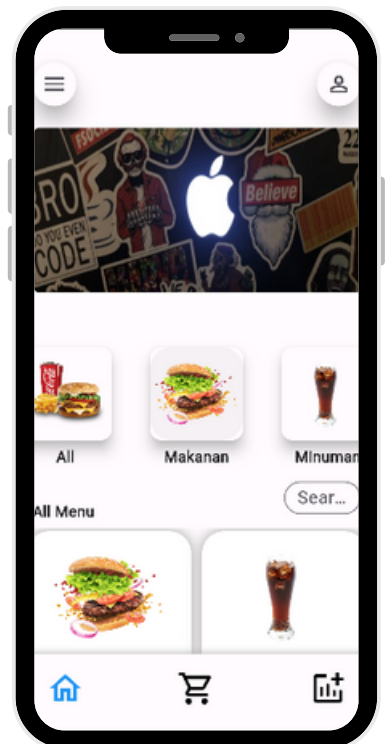

Level test Application  
library Multiplatform

# My Project Portofolio

## 1. Starbhak Mart

[Github Web](#)

[Github Flutter](#)

Starbhak Mart is a Point of Sale that I created using HTML, CSS, and JavaScript for web and Flutter for mobile.

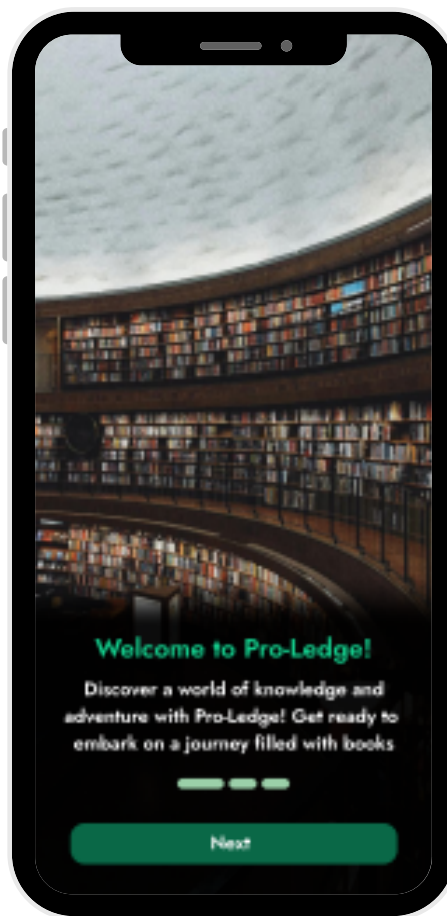

# My Project Portfolio

## 2. Pro-Ledge

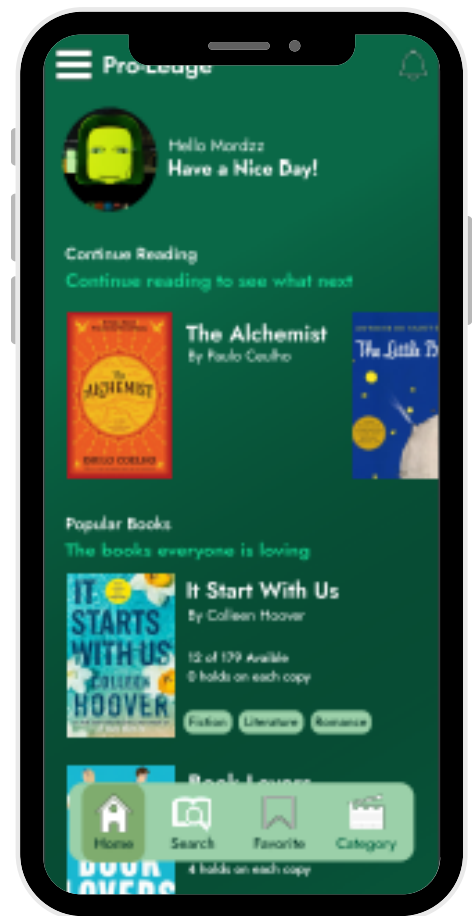

- Splash Screen

- OnBoarding Screen

- Home Screen

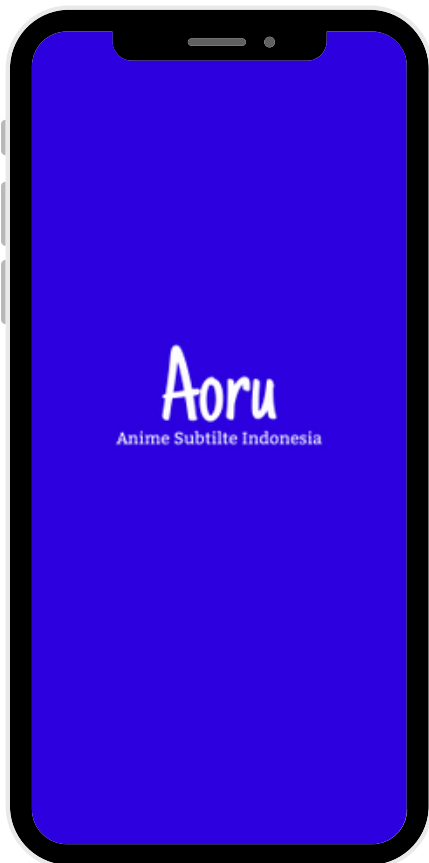

My team and I created an online book lending application using Flutter. And I worked on the UI/UX design using figma and application navigation in flutter.

## 3. UI/UX Design App Aoru

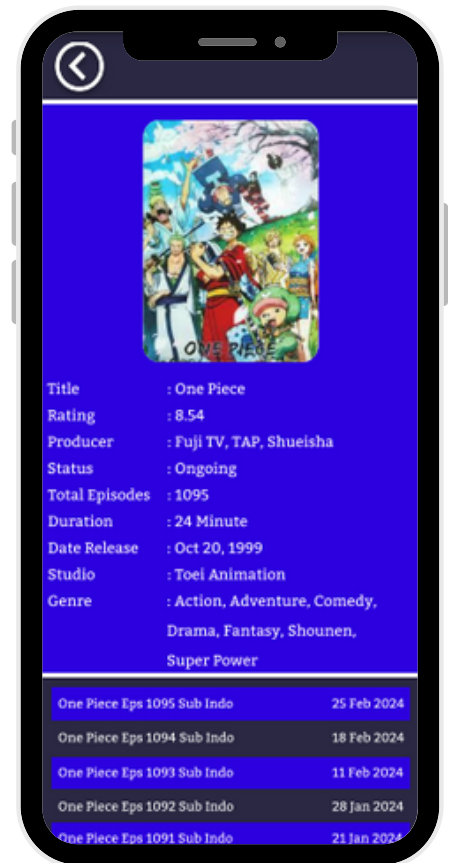

- **Splash Screen**

- **Home Screen**

- **Detail Screen**

I created an anime watching apk design using figma.

[Figma](#)

# Certificate

The background is white with various colorful abstract splashes and geometric shapes. At the top, there are blue and purple diagonal bands. On the left, a large purple splash extends from the top towards the center. In the top right, there is a large, dark purple splash with many small droplets. Below it, a light blue splash is visible. On the right side, there is a bright pink splash. At the bottom left, there is a black splash with long, thin, curved lines. At the bottom right, there is a teal splash. The bottom of the page features a blue triangle on the left and a purple band on the right.

**Thank You**
